Note Quantity
Desired

	Each	Per Doz.	Per 100	Amount
----- ACUMINATA (22). The Horned Tulip, yellowish and red, narrow, twisted petals	\$0.30	\$3.00	\$20.00	
----- AUCHERIANA (3). A most distinct species from the Near East, small expanded deep rose pink flowers	2.00			
----- CLUSIANA (18). Known as the Lady tulip or the peppermint stick tulip. This variety was introduced into Holland as early as 1645	0.20	2.00	15.00	
----- EICHLERI (12). Large crimson-scarlet flowers, yellow and black center. Very striking in large groups	0.15	1.50	10.00	
----- EICHLERI EXCELSA (8). A great improvement over Tulipa Eichleri	0.20	2.00	15.00	
----- FOSTERIANA CANTATE (10). Brilliant vermilion-red shiny green foliage, contrasting beautifully to the large flowers which have short stems	0.30	3.00	20.00	
----- FOSTERIANA DEFIANCE (14). Vermilion - scarlet, rounded petals, handsome clear yellow base	0.40	4.00	30.00	
----- FOSTERIANA PRINCEPS (8). Very fine large red flowers on short stems. Ideal for the rockgarden	0.30	3.00	20.00	
----- FOSTERIANA RED EMPEROR . This was introduced in the autumn of 1904 by van Tubergen from Bokhara. It was named after Prof. Michael Foster of England, who at that time was the foremost grower of <i>Oncocyclus</i> Irises. This is a magnificent variety growing on 18-inch stems, with large rounded vermilion scarlet petals, handsome black, yellow bordered base	0.20	2.00	15.00	
----- GREIGI (9). One of the most beautiful of the wild Tulips, distinguished from all others by the leaves which are mottled with brown-purplish dots. The flowers are of large size, vivid orange scarlet with black center. Very rare	2.50			
----- KAUFMANNIANA (8). White, yellowish tinged exterior pink, called the Water-Lily Tulip, as the flowers resemble a <i>Nymphaea</i> . The earliest of all tulips to bloom	0.15	1.50	10.00	
----- KAUFMANNIANA FRITZ KREISSLER (8). Large salmon pink flowers. Most distinct variety	2.00			
----- KAUFMANNIANA GAITY (6). The creamy-white flowers which have a very short stem, seem to rest on the leaves, a very charming variety	0.20	2.00	15.00	
----- KAUFMANNIANA RAINBOW MIXTURE . A very varied seedling mixture, red, pink, yellow, and white	0.20	2.00	15.00	
----- KOLPAKOWSKIANA (10). Yellow, outside scarlet blotched, carrying its flowers on slender stems	0.30	3.00	20.00	
----- LANATA (20). A tall growing species of the <i>Oculis-solis</i> group, large brilliant orange-red flowers with black and yellow center	3.00			
----- LINIFOLIA (8). Fine species for the rockgarden. Narrow undulated leaves with red margins. The leaves rest on the soil. Small brilliant scarlet vermilion flowers with black base. Flower stems red	0.30	3.00	20.00

Amount

	Amount Brought Forward		
	Each	Per Doz.	Per 100
.....MARJOLETTI (20). Soft primrose, exterior base of petals rosy-red. Very fine for cutting	0.20	2.00	15.00
.....MAXIMOWICZI (8). Looks very much like Tulipa lini- folia. Differing in the leaves which stand upright. Green flower stems	0.20	2.00	15.00
.....ORPHANIDEA (12). A very rare Tulip from Greece. Bronze orange colored flowers, green at center	1.00	10.00	
.....PRAESTANS TUBERGEN'S VAR. (10). Dwarf and early. Flowers scarlet-orange, often two or three on each stem. Brilliant and effective variety for bedding, and splendid for rockgardens	0.20	2.00	15.00
.....PULCHELLA VIOLACEA (4). Bright purple violet, black center. A most distinct and fine variety for the rockgarden; very early flowering	0.60	6.00	45.00
.....SYLVESTRIS (florentina odorata) (16). Flowers golden yellow, fragrant, recommended for naturalizing	0.15	1.50	10.00
.....TARDA (6). Tulipa dasystemon of gardens. A dwarf growing species; white flowers, yellow eye; usu- ally blooms with 3 to 5 flowers per stem		2.00	15.00
.....TURKESTANICA (10). Fairly large white flowers with orange-yellow center. The flower spikes carry 5-9 flowers		1.50	10.00
.....URUMIENSIS (6). Very rare species from Asia Minor, introduced by van Tubergen from Eastern Arme- nia. It is named after the country where it grows. One of the finest for the rockgarden. Large golden yellow flowers with silvery center, resting on a rosette of spreading leaves	1.00	10.00	
.....WHITTALLI (12). Bright bronze orange flowers, center black with yellowish tinge	2.50	20.00
